What happens when Gender-based Discrimination walks in the door?

© BPA Analytics Pty Ltd 2023

Here are some of our statistics about the impact of Gender-based Discrimination on Employee Engagement & Turnover:

When Gender-based Discrimination walks in the door...

... Engagement plummets from 58% to 20% (n=196,575)

... Disengagement rockets from 9% to 43% (n=196,575)

... Desire to leave the organisation climbs from 14% to 51% (n=73,873)

... Desire to stay working in the organisation drops from 61% to 22% (n=73,873)

These statistics show very little difference between male respondents and female respondents.

Why would you ever let it through the door in the first place?
